

QRP FACT SHEET: **Wooden Pallets**

Pallets are important material handling components, but they quickly wear out their welcome when they begin to accumulate at our facilities.

This is what to do with them –

Bring these pallets to the QRP!

Unserviceable pallets will be broken down and repurposed or discarded for composting.

No matter what shape the pallets are in, if you do not need or want them, the QRP will take them.

Do you have these pallets?

Contact the QRP:

LAARNG QRP 318-290-5273

John.b.frost.nfg@mail.mil

Bring these pallets to the QRP!

Serviceable pallets will be stacked and stored for sale or for reuse if units or facilities need them.
